

# Steamatic of Kansas City

## Company Overview

Steamatic of Kansas City provides full-service cleaning, restoration, and air quality solutions for commercial, industrial, and government clients. Established in 1970, the company delivers responsive, safety-driven service backed by certified expertise in environmental cleaning and restoration — from small commercial spaces to large institutional and federal facilities.

## Core Competencies

- Commercial and industrial cleaning services
- Air duct and HVAC system cleaning – improves indoor air quality
- Mold remediation – protects occupant health
- Fire and water damage restoration – rapid response
- Post-construction and renovation cleanup
- Floor care – stripping, waxing, and buffing

## Differentiators

- Local ownership with rapid response and 24/7 availability
- IICRC Certified – WRT, AMRT, FSRT
- NADCA Certified – Air Systems Cleaning Specialist
- Comprehensive insurance coverage
- Bonded operations
- Accountable service supported by a national Steamatic network

## Experience

### McConnell Air Force Base - Mar 2023- Feb 2025
